

Report Automation

Make sure your dashboards travel well

SALES SHEET
August 2025

From Dashboard to Perfect Presentation

Your hard-won insights won't always be in the context you remember. Curator's Report Builder easily lets you add any Tableau Dashboard, image, or PDF alongside comments that are automatically delivered to your audience in pixel-perfect PowerPoint and PDF formats.

The Report Distribution Challenge

Manual Report Creation Bottlenecks

- Hours spent manually creating the same monthly reports
- Screenshots and PDFs lose context and branding
- Executive presentations require constant recreation
- No way to automate delivery to stakeholders

Automated Report Generation

Scheduled Delivery

Automated recurring reports

Custom Branding

Logos, headers, and footers

Multiple Formats

PDF and PowerPoint export

Filter Memory

Remembers saved selections
